

OVERALL VISION DRIVER+

AN ATTEMPT TO GIVE AN INTRODUCTORY OVERVIEW...

Michael Löscher (ARTTIC)

22 February 2018 – Berlin, Germany

DRIVER+ will seek to improve the way **capability development** and **innovation management** are tackled, by **testing** and **validating** (in realistic environments) **solutions** that are addressing the operational needs of practitioners dealing with Crisis Management.

FROM DRIVER TO DRIVER+

WHAT HAS BEEN IMPROVED?

1

A REVISED AND SIMPLIFIED
PROJECT STRUCTURE

Turning objectives into
tangible results

2

A NEW LEADERSHIP AND
CONSORTIUM MEMBERS

Reinforcing the project
team

3

AN OPEN AND INCLUSIVE
APPROACH

Enhanced involvement of
external stakeholders

A PRACTITIONER-DRIVEN APPROACH

FROM SOLUTION-DRIVEN TO NEEDS-DRIVEN

In order to provide a European answer to the challenges Crisis Management is facing today and tomorrow, the **involvement of** as many concerned stakeholders as possible is essential. In particular **practitioners** are in the focus.

The selection of solutions to be tested within DRIVER+, will be provided by current partners and external organisations to extend the knowledge base. The process will be neutral and transparent, and both the **review and selection should be driven by the end-users.**

AN OPEN AND INCLUSIVE APPROACH

EXTERNAL COOPERATION

THE PROJECT OPENING UP TO THE EXTERNAL WORLD

Identify external innovative solution providers and interested practitioners

Enable their participation and direct technical contribution to DRIVER+ trials, to ensure their high quality, relevance and appropriateness

PARTICIPATION OF PRACTITIONERS AND SOLUTION PROVIDERS

FOR WHAT?

- To identify and update **needs and gaps** in Crisis Management
- To develop **scenarios** as a basis for the DRIVER+ trials
- To integrate **solutions** for the trials
- To prepare and conduct the **trials**
- To **evaluate** the solutions and derive **lessons learnt**
- To participate in **workshops, conferences** and dialogue **roundtables**
- To prepare **reference documents, guidelines and standards**

BENEFIT FOR PRACTITIONERS AND SOLUTION PROVIDERS

WHY?

Collect **new experiences with new network partners** and organisations

Share best practises and lessons learnt with other practitioners

Learn about **new and innovative solutions** supporting their operations

Possibility to **present their solutions** to potential (new) customers

Valuable feedback from practitioners on solutions

THE OBJECTIVES

To develop a **pan-European Test-bed** for Crisis Management capability development

To develop a comprehensive **Portfolio of Crisis Management Solutions**

To facilitate a **shared understanding** in Crisis Management across Europe

OBJECTIVE 1: TO DEVELOP A PAN-EUROPEAN TEST-BED FOR CM CAPABILITY DEVELOPMENT

AN ARENA OF VIRTUALLY CONNECTED FACILITIES AND CRISIS LABS

1.

Providing a pragmatic **step-by-step guidance** to conduct trials

2.

Providing a **reference implementation** for all DRIVER+ trials

3.

Providing **general guidance and the technical infrastructure** of the Test-bed to support the trials

4.

Creating a **demonstration infrastructure where stakeholders can collaborate in trialling and evaluating** new tools, processes or organisational solutions

OBJECTIVE 2: TO DEVELOP A PORTFOLIO OF CRISIS MANAGEMENT SOLUTIONS

A DATABASE-DRIVEN ONLINE CATALOGUE

1.

Documenting and **presenting details on solutions** tested and evaluated during the DRIVER+ Trials

2.

Allowing for the introduction of **third party solutions** already used by practitioners or relevant to Crisis Management

3.

Supporting the **sharing of user experiences**, and thereby, easing the successful implementation and usage of solutions for other practitioners

OBJECTIVE 3: TO FACILITATE A SHARED UNDERSTANDING IN CRISIS MANAGEMENT ENHANCING THE COOPERATION FRAMEWORK

1.

Building and structuring a dedicated **Crisis Management Innovation Network Europe** to facilitate identification of best practises and sharing of lessons learnt

2.

Cooperating with **CM experts, practitioners and solution providers** external to DRIVER+

3.

Organising **I4CM events (Innovation for Crisis Management)** that bring together solution providers practitioners at local/regional level and relay the Community of Users on European level

4.

Developing new standards and/or contributing to ongoing and future **standard development**

5.

Organising **3 Policy-Research Roundtables** to exchange with policy-makers on project results and potential EU policy implications

HOW WILL WE REACH THE OBJECTIVES?

To develop a **pan-European Test-bed** for Crisis Management capability development

TRIALS

Poland, France, Austria,
The Netherlands

FINAL DEMO

Poland/Italy

To develop a comprehensive **Portfolio of Crisis Management Solutions**

To facilitate a **shared understanding** in Crisis Management across Europe

TRIALS

4 EVENTS TO OPERATIONALISE AND TEST
BOTH THE SOLUTIONS AND THE TEST-BED COMPONENTS

Poland, France, Austria, The Netherlands

Based on updated Crisis
Management gaps and
practitioner needs

Benefiting from the DRIVER+
Test-bed components

All results to be made available
in the Portfolio of Solutions

FINAL DEMONSTRATION

1 EVENT TO SHOWCASE THE SOLUTIONS, THEIR EFFICIENCY AND EU ADDED-VALUE
Italy and Poland

Building upon the results of the trials and the lessons learnt from reference implementations and design validation of the Test-bed

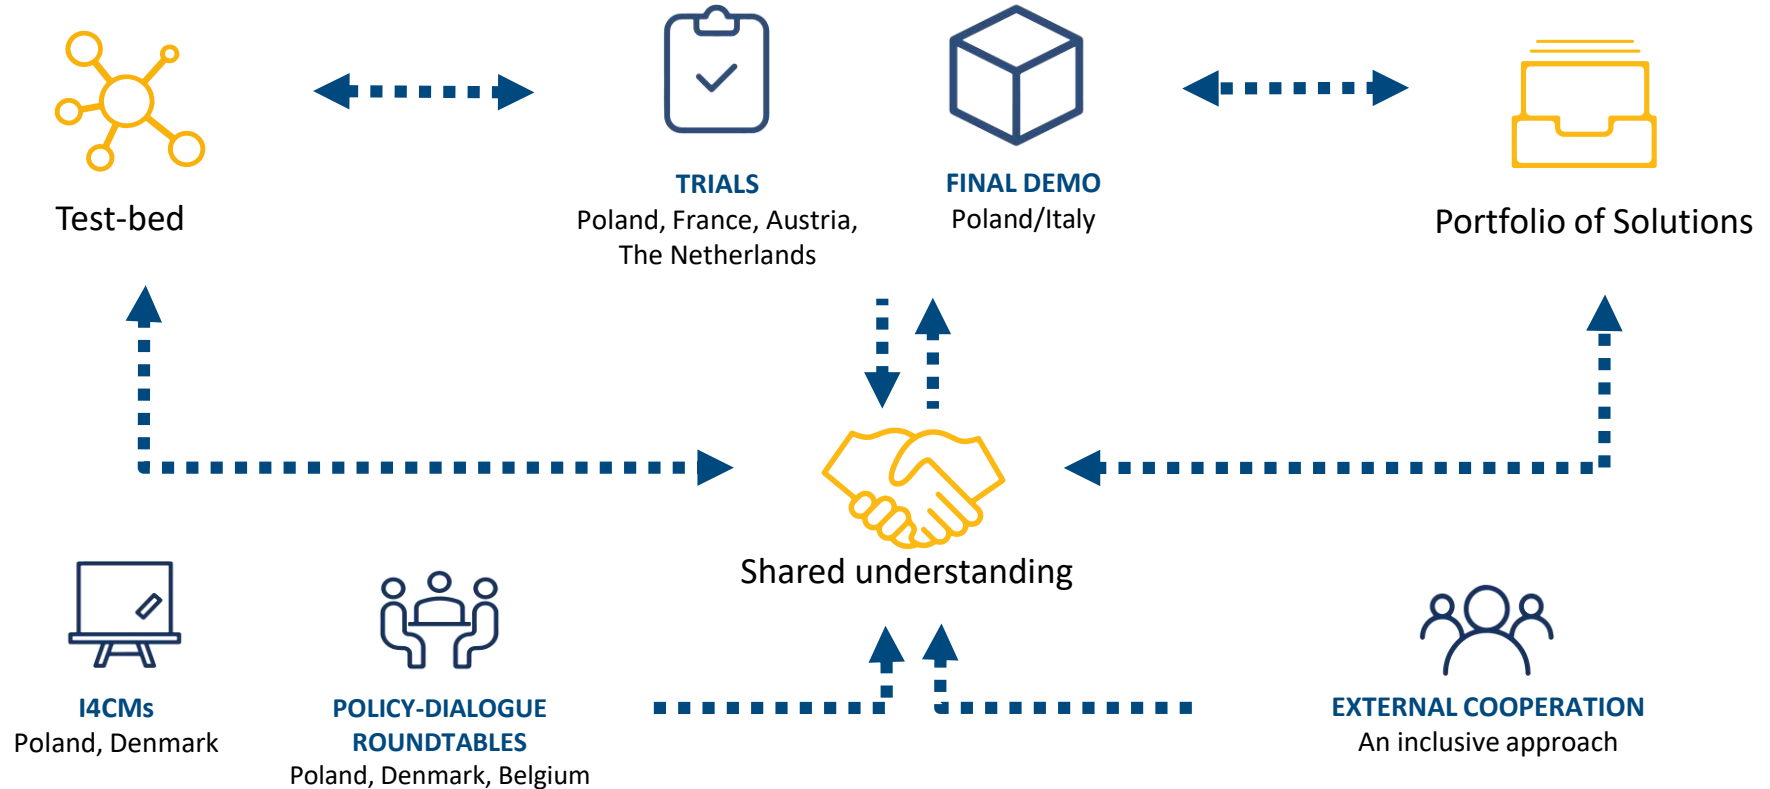

Showcasing the benefits that DRIVER+ Solutions may represent for the Emergency Response Coordination Centre (ERCC) activities.

Presenting the potential of a more integrated high-level CM system in Europe

HOW WILL WE INCREASE THE IMPACT?

INNOVATION FOR CRISIS MANAGEMENT (I4CM) EVENTS

UNIQUE LOCAL EXCHANGE FORUMS ON PRACTITIONERS' NEEDS AND SOLUTIONS

Poland and Denmark

To address pressing regional issues to be solved, identify best practices, foster synergies, and address issues of common interest

To exchange on (future) needs of practitioners, already available promising solutions to address them and those that are still to be developed

To provide a relay towards the European level

POLICY-RESEARCH DIALOGUE ROUNDTABLES

STRENGTHENING THE POLICY-RESEARCH DIALOGUE ON RESEARCH AND DEMONSTRATION ACTIVITIES IN CRISIS MANAGEMENT

Poland, Denmark and Belgium

Two before the trials and final demonstration to allow exchanges on the potential EU policies to be addressed and the involvement of DG HOME, DG ECHO /ERCC staff

One after the events to allow exchanges on the results and the potential policy implications

THE TIMELINE

 **January 2018**
Gaps & Needs assessment workshop

 **February 2018**
Trials workshop 0 (Poland)

 **June 2018**
I4CM#3 + Standardisation needs identification workshop (Poland)

 **December 2018**
I4CM#4 (Denmark)

 **November 2019**
Final Demo (Italy/Poland)

 **February 2020**
Final Conference (Belgium)

2018

2019

2020

 **June 2018**
Trial #1 (Poland)

 **October 2018**
Trial #2 (France)

 **May 2019**
Trial #3 (Austria)

 **October 2019**
Trial #4 (The Netherlands)

 **February 2018**
1st Policy-Research Dialogue Roundtable (Poland)

 **December 2018**
2nd Policy-Research Dialogue Roundtable (Denmark)

 **February 2020**
3rd Policy-Research Dialogue Roundtable (Belgium)
