

Driving Innovation in Crisis Management  
for European Resilience

In 2014, dedicated practitioners' organisations, research institutes, industries and SMEs teamed up to drive innovation in Crisis Management for European resilience.

By 2020, our goal is to valorise the wealth of European innovation and science in Crisis Management, by assessing and delivering solutions that can be used, and combined, to address different types of large-scale crises.

## DRIVING INNOVATION IN CRISIS MANAGEMENT DRIVER+ EXPECTED OUTCOMES

A pan-European Test-Bed  
for Crisis Management  
capability development

A comprehensive  
Portfolio of Crisis  
Management solutions

A shared understanding  
of Crisis Management  
across Europe

This project has received funding from the European Union's 7th Framework Programme for Research, Technological Development and Demonstration under Grant Agreement n°607798

Are you a Crisis Management practitioner?  
Are you a solution provider?  
Are you involved in a related project or initiative?  
Are you a policy-maker impacted by Crisis Management issues?

## LET US HEAR YOUR VOICE CONTRIBUTE TO INNOVATION IN CRISIS MANAGEMENT

Your participation in DRIVER+ activities is important to us and will help us to align with and to follow-up on relevant policies, challenges, gaps and community needs faced within the wide spectrum of thematic areas dealing with Crisis Management.

To maximise the impact of European Research and Innovation in Crisis Management, and to ensure that our trials and events are conducted taking into account your expertise and the technological state-of-the-art, we warmly invite you to take part in our activities.
