COMPETITION OBJECTIVES

The Crisis Management Innovation Network Europe (CMINE) and the DRIVER+ project organise a **competition for Crisis Management solutions with high innovation potential**. The competition is expected to stimulate the uptake of innovative solutions, encourage synergies and cooperation between various projects and reduce the fragmentation in the Crisis Management domain.

We invite all interested solution providers to *register for the competition* by uploading the solution description with supporting evidence on the Portfolio of Solutions: <https://pos.driver-project.eu> and allowing the publication of the information on the CMINE platform: <https://www.cmine.eu>

TIMELINE

**Submission
Deadline**
13 January 2020

**Evaluation &
decisions**
29 January

**Information of the
winners**

WHAT ARE THE BENEFITS FOR SOLUTION PROVIDERS

The information of all entries will be available to hundreds of professionals throughout Europe, and disseminated widely within the crisis management community.

The three winners will be granted an **exhibition booth at the DRIVER+ Advanced Crisis Management Conference (Final Conference)** on 19-20 February 2020, that will bring 300 crisis management professionals to Brussels, and will have a slot to **present their solution during Day 1 of the conference**.

The travel expenses of two participants per solution will be reimbursed by the DRIVER+ project.

WE WILL USE THREE EVALUATION CRITERIA

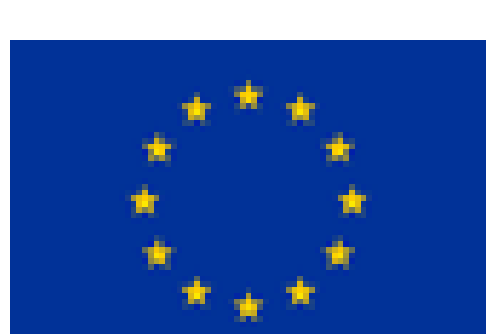

- **Proven/potential contribution to crisis management and disaster risk reduction**
- **Affordability**
- **Contribution to crisis management innovation**
